Experience the Difference - Genuine Shanklin® Upgrades

- High quality, **solid construction** available only from Shanklin.
- Produces **consistent, high-quality seals** over a wide range of Cryovac film thicknesses and packaging speeds.
- Single Seal Knife eliminates the need for critical adjustment and wire alignment—**reduces downtime** and maintenance costs.
- Simple design **minimizes adjustments**—no special setup skills required.
- Seal Knife has 4 sealing/cutting surfaces for **long life** and reduce parts replacement.
- Positive Grip film drive belt and tracking rollers improves film tracking and provides **positive film drive**—reduces downtime.
- Integral Torque Limiter **prevents damage** to side sealer unit in the event of product jam.

Retrofit Kits Available
